Welcome to the pre-authorization request application for elective procedures. Please begin your pre-auth request by searching for your condition or by uploading your last visit summary note (from your physician).

At the end of this process, you would have scheduled an informational session to learn more about your preferred care provider. We will be informed by your informational advisor that your session has completed. We will then complete the rest of the pre-authorization.

Same-day informationals are available for urgent cases. In most situations, we can talk to you within a 48 to 72 hour timeframe.

1. You can learn more about pre-authorization process here.

2. You can learn about elective procedures here.

3. You can learn about care settings - Ambulatory Surgery Centers vs Hospital-based Outpatient Surgery.
